

Brain Connections

## BRAIN CONNECTIONS

Dementia & Neurodegeneration  
Research in UCC

Come to University College Cork on Sat 10th March  
2018 to learn about brain health and research in  
dementia including Alzheimer's disease, and  
Parkinson's disease

**Venue:** Western Gateway Building, Western Road, Cork

**Date/Time:** Sat 10th March 2018, 1pm to 4pm

ALL WELCOME

**Tickets:** Free through Eventbrite (<https://www.eventbrite.ie/e/brain-connections-tickets-43202144778>) or contact: Carol Rogan, DNNI Scientific Coordinator, Tel: 086 1451068 or (01) 4284531; Email: [carol.rogan@alzheimer.ie](mailto:carol.rogan@alzheimer.ie)

**Parking:** Western Gateway Building & Sacred Heart Church (fees may apply)

The event is organised by DNNI (Dementia and Neurodegeneration Network Ireland) in association with the Cork NeuroScience Centre (CNSC)

THE ALZHEIMER  
SOCIETY of IRELAND

## Listen to short presentations from experts in UCC:

Causes and symptoms of Dementia/Alzheimer's disease and Parkinson's disease

What to do if you're worried about your memory

Lifestyle factors and improving therapies

Care for carers

Fun strategies to increase movement in everyday life

Music and brain health...including a fun session with the musical group, the Ukuladies!

## Come and explore the interactive stands:

Visualise the brain using MRI scans

Experience dementia simulation using virtual reality sets

Hear about research being carried out by UCC's postgraduate students

Learn about brain anatomy

Information from the Alzheimer Society of Ireland

Information from the Parkinson's Association of Ireland
